

Cornbread Salad

Bake cornbread as directed and cool completely. (Anne recommends using the Miracle Maize brand)

Romaine lettuce chopped roughly

Tomatoes, chopped

1 red pepper, finely chopped

1 can corn, drained

1 can black beans, drained and rinsed

Ranch dressing

Finely shredded cheddar

(Bacon bits optional)

In a glass trifle dish or glass cake pan, crumble half of the cornbread into large chunks.

Cover with layer of lettuce.

Combine red pepper, corn and black beans and cover lettuce with half of the mixture.

Pour ranch over this layer and sprinkle with cheese (and bacon bits if using)

Repeat layers beginning with cornbread again.

Can also make this in individual containers such as plastic cup, small mason jar, wine glass – although you may not be able to repeat the layers.
