Book Synopsis: This was a story of the South in the 60's. It contrasted the rich white women and their lives with the black "maids".

Review: Reviews were very positive - it's been on the bestseller list - unusual for us.

Highlights of Discussion: We were struck by our lives in the 60's compared to where the maids were at that same time.

Attendance: Laura, Nancy S., Julie, Nancy M., Sandy, Anne S., Nancy D.
